The commemorative ceremony of the third anniversary of Cosmic Seonghwa of Rev. Sun Myung Moon, the True Parent of Heaven, Earth and Humankind, was held and dedicated with much devotion at Cheongshim Peace World Center on July 17 of the third year of Cheon Il Guk by heavenly calendar (August 30) at 9 a.m., under the guidance of True Mother and with more than thirty thousand people in attendance, including the True Family, former and present heads of state and prominent figures from Korea and abroad, Blessed Families and members of the Unification Church Family, and Ambassadors for Peace. The event held on this day was also broadcast live via internet in 194 nations around the world.

## Great historical achievement accomplished with resolution as True Parents

Through her words given at the commemorative ceremony and asked us to fulfill our responsibilities to realize the Will of Heaven. True Mother's speech given on this day has been summarized and recapitulated as follows:

△ In the world, it is difficult for a person who bears the responsibilities of a higher position to come down to the lowest position. How much more difficult, then, would it have been for the Messiah of the Second Advent, the Savior, the True Parents, who came as the King of Kings and the True Parents of Heaven, Earth and Humankind, to do so? Because Christianity with its prepared foundation failed to fulfill its responsibility, True Parents had to begin from the position of the "servant of servant", the Providential course of which you know very well. Even under such circumstances, True Parents comforted Heaven and made the pledge to fulfill the Will of God, which is His dream and His hope, without fail.

△ In the 1970s, the world situation was such that, after the Second World War, the United States, the representative nation of the democratic world, held sway over the world. However, it came to face hardships. The United States came to be threatened by communism, and its situation became all the more dire due to such issues as youth problems, drug problems, and ideological problems caused by the breakdown of family and extreme individualism. And yet, there was no one who could step forward and resolve the situation.

△ At that time, Rev. Sun Myung Moon left Korea behind and went to the United States, and said, "I have come as a doctor because America is sick, and I have come as a fireman because America is on fire." These words awakened the United States, and in the end, he brought about the downfall of communism. Not only that, but he also founded CAUSA and educated the nations of South America, which were fast becoming communized, and thus saved those nations. He resolutely accomplished things that not even the world could achieve, because he was True Parents.

## "Words I want to say to True Father"

△ Moreover, he made many preparations in his concern for the future of humanity and the future of the Earth. At the International Conference on the Unity of the Sciences in 1981, he advocated the construction of the World Peace Highway for world peace. It is a highway that runs from the Cape of Good Hope in Africa through the European continent and Asia, through seashores and peninsulas, to Santiago in Chile, South America. Father also spoke of building the Bering Strait Tunnel in Alaska, and he made efforts to link the Japanese islands and the Korean Peninsula through the Korea-Japan Undersea Tunnel, in order to connect the way by which the world can become one. On this third anniversary of Seonghwa, we were able to complete the great march of the Peace Road participated by 121 nations in the world.

△ One hundred years ago, a great Indian poet, Tagore, praised Korea, saying, "Korea is the Lamp of the East". Korea's economy of today is not this Lamp of the East. A lamp refers to light, and the light is the Truth, and the Truth is the Word. Therefore, it means that, through the teachings of True Parents, this nation of Korea can stand tall before Asia and the world.

△ What do you want to say to True Father? I want to say to him, "Father! From here on after, you have nothing to worry about. We will fulfill our responsibility at all costs. Therefore, we hope and pray that you will now be free to go and come as you please, and to solace God, our Heavenly Parent, who has been lonely until now, in the eternal Garden of Original Homeland." This is the banner, the flag, and the flower of the culture of heart that we need to show the rest of the world, and the responsibilities we need to fulfill, and I hope that you will bear this in mind and do your very best with the same determination as myself. We can witness numerous conflicts and moral degradation even here in Korea.” He then praised the Providential dispensation and achievements of True Father, saying, “Whenever I hear sad news, I feel all the more keenly how precious is the existence of Rev. Moon. He devoted himself and exerted himself to the utmost, more than anyone else has ever done, to bring about peace, mutual living, mutual prosperity, and mutual goodwill of the global village.”

He then added, “Though the absence of Rev. Moon is so pronounced and profound, Dr. Hak Ja Han Moon has resolutely continued to make all efforts to carry on with his unfinished work and bring it to a successful conclusion. Therefore, I would like to express my highest esteem for her and speak words of comfort to her, and I pray for the precious eternal life of Rev. Moon in the heavenly world and the great achievements of Dr. Han.”

President Anote Tong of Kiribati, the co-awardee of the Sunhak Peace Prize, took the podium next and said in his memorial address, “The vision of One Family Under God presented by Rev. Sun Myung Moon and Dr. Hak Ja Han Moon is the light of hope for humanity and future generations. The center of this vision is true love of living for the sake of others. I hope that we will all make efforts to realize the world of peace, which was the dream of Rev. Moon. As the co-awardee of the First Sunhak Peace Prize, I wish to express my esteem and gratitude for the life of Rev. Sun Myung Moon. I am confident that his legacy will continue to be carried out and developed through Dr. Hak Ja Han Moon.” (Continued on page 5)

## “True Parents of True Love, the Light of the Cosmos”

Prior to the memorial addresses, World Vice-president Joon Seok Ahn of FFWPU entreated in his report prayer, “To the very last day of his life, True Father left behind his noble footsteps in various parts of the global village, while shedding blood, sweat and tears, to make true the dream of our Heavenly Parent. Please guide us, on this day and at this hour, to inherit True Parents’ tradition of loyalty and filial piety towards our Heavenly Parent and make the resolution to march forward towards the construction of substantial Cheon Il Guk”.

After that, the representatives of attendees offered floral tributes, signifying the collective hearts of all distinguished guests and brothers and sisters of the Unification Church Family who had come to attend the ceremony from all over the world. Floral tributes were offered in the order of the representatives of the True Family in the spiritual and physical worlds, representatives of world heads of state, representatives of elders, leaders and Ambassadors for Peace, and representatives of world leaders. The rest of the attendees offered floral tributes after the commemorative ceremony to express their affection and gratitude for True Parents.

After the memorial addresses, a commemorative video entitled “True Parents of True Love, the Light of the Cosmos” was screened. The commemorative video showed in the form of a documentary the process of the Cosmic Seonghwa of True Father, who lives forevermore like the thousand-year-old rock and lights up the world as a bright source of light in this age of substantial Cheon Il Guk. The video next showed the watchers the Providential footsteps of True Mother, who declared Vision 2020 after the Cosmic Seonghwa and who has continued to lead from the forefront the great journey towards the settlement of the substantial Cheon Il Guk and the realization of a world of peace.

After delivering her speech, True Mother stepped down from the podium and watched the musical produced by the Japanese Church in commemoration of the third anniversary of Cosmic Seonghwa, titled “The man who loved Japan more than anyone else”. After the performance, everyone joined in the three cheers of Eok Mansei led by Japanese President Eiji Tokuno with the resolution to march forward towards the Providence of Heaven without stopping. With the cheers, the commemorative ceremony and the cultural performances were brought to a close. Earlier, the pre-ceremony cultural performances emceed by Secretary General Seong Il Cho of FFWPU World Headquarters was begun with a performance given by the “2015 Global Top

Gun Team”. The Global Top Gun Team, consisting of more than two hundred members, sang songs like “The Father’s dwelling place” and “You raise me up” to show their heartfelt longing for True Parents.

Next followed a performance by the Universal Peace Choir. The Universal Peace Choir, made up of the Global Choir with more than 350 members and the Cheon Shim Choir of Cheon Bok Gung Church, sang in commemoration of the third anniversary of True Father’s Cosmic Seonghwa the favorite songs of True Parents, “Akatombo (red dragonfly)”, “Arirang”, “Holo Arirang” and “Amazing Grace”, which were newly arranged for the occasion. Thus, they returned joy and glory to the Heavenly Parent and True Parents.

## Making the pledge to fulfill duties of loyalty and filial piety before Heaven

Rev. Nam Moon Cho, the church leader of Donggu under Incheon Regional Headquarters who attended the commemorative ceremony, expressed his impressions of the event, “I cannot realize that it has already been three years since True Father passed away in Seonghwa. From the viewpoint of the history of God’s Providence, the lifetime of True Parents is quite a short time, and yet during that short period of time True Father ended the six-thousand-year-history of the Providence of Restoration and opened the gates of Cheon Il Guk. Therefore, I want to express my gratitude once again for this wonderful grace he has bestowed us.”

Deputy Church Leader Chang Oh Kim of Daegu Regional Headquarters said, “As we sang ‘We love you, Father’ together with True Mother, the Unification Church Family across the world became even more united as one in heart. Just as the light of life shines forth even in chaos and darkness, the Unification Church Family will undoubtedly overcome the difficulties we face at present and continue to expand our substantial foundation. I am grateful for True Parents’ precious grace and I will march forward and work hard to bring about the unification of the Korean Peninsula and fulfill my mission as a new tribal messiah.” Mrs. Sayuri Yoshino, a member of the Jeju Regional Headquarters, said, “I miss True Father so much. I am so sorry because I feel like I have done nothing for him during the last three years. True Mother is marching forward without stopping, shedding blood, sweat and tears, for the victory of Vision 2020, and like she has said, I will do my utmost best so that our Heavenly Parent and True Father can rest in comfort in the eternal world.”

# Musical Commemorating the Third Anniversary of Cosmic Seonghwa, “The Man who Loved Japan more than Anyone Else”

Incorporates the story of True Parents, who blessed Japan with forgiveness and love, and the footsteps of Japanese Church and its contribution towards world Providence

The musical commemorating the third anniversary of the Cosmic Seonghwa of Rev. Sun Myung Moon, the True Parent of Heaven, Earth and Humankind, titled “The man who loved Japan more than anyone else”, was performed on July 17 by the heavenly calendar (August 30) at 10:30 a.m., in front of an enthusiastic audience including True Parents of Heaven, Earth and Humankind. This commemorative musical incorporates the story of True Parents, who embraced Japan with forgiveness and love and blessed it as the Mother Nation and permitted it to contribute towards the world Providence, and also their love for Japan and their life-long dedication for the world. The musical was produced by the Japanese Church Musical Production Committee with the support of the Third Anniversary of Cosmic Seonghwa Commemorative Events Preparatory Committee.

Act I showed young True Father studying abroad in Japan, when he had already received Heaven’s calling and was researching the Truth and experiencing various incidents occurring in the general society. At the end of Act I, the young Father sang a solo song titled “I love Japan”, which sang of Heaven’s hope for Japan to go beyond loving only its own people and to love the entire world, and the song resounded and moved the hearts of the audience.

Act II depicted True Father some time after his return to Korea, when the fact that he had participated in the Korean independence movement during his stay in Japan was discovered and he was imprisoned in Gyeonggi Province Police Department. Even while being severely tortured, True Father resolutely thought about how he can forgive Japan, and he expressed his deep heart as True Father of humanity by helping the Japanese people to return to their country after they had lost the war.

In Act III, Providential events and anecdotes were presented through the impassioned performance of the actors, including such scenes as True Father offering a prayer to establish Japan as a central nation in the Providence, dispatching the first missionary to Japan, and carrying out Victory Over Communism Movement in the 1960s to save Japan from its social disposition and from the influence of communism.

Act IV displays the Japanese Church members, who miss True Parents and who live their lives upholding the traditions of their faith and the Divine Principle, and the Providential course of True Parents who come to Japan on such a foundation of devotion and bless them. In addition, it also shows the proud history of the Japanese Church, which has continued to walk the path of the Providence, in spite of

misunderstandings and persecution, and has established the nation of Japan as the Mother Nation after successfully educating 160,000 people and holding the Korea-Japan Sisterhood Ceremony in the mid-1990s.

In Act V, songs are sung solo or in concert by the performers while videos of True Mother’s victorious rally in Japan, the victory of 22,200 world missionaries, and the victorious course of True Parents after the year 2000 are shown on the screen, and finally True Father declares Japan as the “Mother Nation”. By the victory of Heaven, Satan is brought to voluntary submission, who sings the song of praise, “My great True Parents”. After successfully concluding his mission on earth, True Father passes away in Seonghwa, after which he tells the members to march forward under the leadership of True Mother, who is united as one with True Father. The musical comes to an end with the song, “The Future Hope”, through which everyone pledges themselves to serve True Mother and to bring about a hopeful future.

The musical “The man who loved Japan more than anyone else” is performed under the theme, “Devote yourself completely”, by three leading actors and 47 first and second generations of Blessed Families - 14 men, 24 women and 9 children - who were chosen through auditions. <Article provided by Musical Production Committee>

We pray that, during this period, the spirit world and physical world can resonate, and we can experience the genuine works of the Holy Spirit of Cheon Il Guk.”

## Grace of the Special Great Works continues with the Ancestor Blessing Ceremony

Upon the True Parents emphasis of the completion of our mission of Heavenly Tribal Messiahship and the expansion of the good spirit world realm, the Ancestor Blessing Ceremony of 1-273 generations was held at 9 in the evening on the second day of the 2015 Summer Cheongpyeong Special Great Works at the Main Hall of Cheongpyeong Heaven and Earth Training Center. As representative of the True Parents of Heaven Earth and Humankind, Rev. Kyeong Seuk Ryu, president of FFWPU-Korea, was the officiator of the event.

President Kyeong Seuk Ryu said in the officiator's address, "Together as one, True Father in spirit world and True Mother on earth are leading the providence of realizing Cheon Il Guk in heaven and earth. The blessed families and members must be able to see this, not with their naked eyes, but with their spiritual eyes. Let us become blessed families that can inherit True Parents' great tradition of victory and become proud children of Heaven that can fulfill Vision 2020. Let us become blessed families who can enjoy eternal glory by becoming one in mind and body with True Parents." Prior to this, President Ki Seong Lee said in his report prayer, "With the limitless true love of the victorious True Parents of Heaven Earth and Humankind, and the sincere devotion of blood sweat and tears offered by Commander-in-Chief Heung Jin Nim, and Dae Mo Nim, we can participate in this blessing ceremony. By inheriting true love, true life and true lineage, we can stand as children of Heaven, absolute good spirits, and we are truly grateful for this. Please give us your guidance so that the ancestors who receive the blessing can cooperate in the providence and can walk a path so that we can return this great blessing."

Great Spiritual Works marking the Third Universal Seonghwa Memorial Over 190 presents were bestowed by True Parents to the participants of the Summer Great Works through the Holy Items Lottery Event that was held. This time, there were twice the number of presents compared to the last Great Works. Through this, we could reconfirm how much True Parents love the members who participated in the Cheongpyeong Great Works.

Dae Mo Nim's Prayer Room Prayer was held with a special grace from Heaven, and during the Great Works period, the sound of the members praying with tears of repentance and determination for a new beginning did not stop. Also, through the Fulfillment of Wish Papers Prayer, members not only wished for the realization of their personal dreams, but also made strong resolutions to live a life of filial piety by realizing Heaven's wishes.

Marking the Third Universal Seonghwa Memorial, the chanyang sessions (holy song sessions) during this time's Summer Great Works were more full of grace than ever. True Parents have become one in heaven and earth, and presiding over these Great Works,

members were able to solve physical and spiritual difficulties through the works of the True Family in spirit world and the 480 billion absolute good spirits.

The great works chanyang sessions were held three times a day, and the members participated in sweat, singing loudly and clapping strongly, to remove even one more fallen nature. The echoes of the clapping sounds from the members filled the halls and resonated across the Holy Grounds throughout the Great Works.

Throughout the Great Works, members showed interest in and participated in the "Holy Ground Pilgrimage for the Inheritance of Heavenly Fortune," to inherit the shimjeong and true love of True Parents. Mr. Higuchi Hideki, the leader of seonghwa students and youth of Adachi Church in Japan, said, "I went up to the Cheon Sung Dae after a long time, thinking about how I went and climbed every day during the 40 day workshop I attended in 1996. I had a special feeling, and I realized how much sincere devotion True Parents offer here. I felt that all of Cheongpyeong Holy Ground had become a prayer hall during these Great Works."

## 3-Day Course to Engrave the Meaning of the Third Universal Seonghwa Memorial

The secretary general of the Federation for Peace and Unification (FPU) of Aichi prefecture, Yeong Ha Yu said, "I participated in this Great Works hoping it will be a 3-day course to engrave in my heart the meaning of the Third Universal Seonghwa Memorial of True Father. To the members, Cheongpyeong is the homeland of the heart. I hope all members can once again become one and start, centered on True Parents, in this restored Garden of Eden."

Iba Seiko, the student leader of Sun Moon University who participated in the Great Works right after graduating from the "2015 Global Top Gun Workshop", said in determination, "Attending the 'Global Top Gun Workshop' prior to these Great Works, I was able to feel hope once again in the greatness of True Parents who have been working providentially throughout the world. I participated in the Great Works thinking that, as a person in a public position, I need to separate evil spirit and remove fallen nature even more. I will do my best to leave to the later generations more than the love I have received from True Parents."

Mr. Watanabe Yoshihiko (360,000 couples) from North Chiba Region, Funabashi Church in Japan said, "I participated in the Great Works to pray and offer sincere devotion for the completion of the blessing of 430 couples and the accomplishment of Heavenly Tribal Messiahship before the year 2020. I will become a blessed family who fulfills the duty of filial piety before Heaven by first creating a family that Heaven wishes, and on that foundation becoming the center of the local community that contributes to the providence. ☺ <Article by Cheongpyeong Heaven and Earth Training Center, Publishing Team>

# 2015 World Assembly of Youth and University Students Closing Ceremony

The complete view of the 2015 Youth and Student World Assembly; Chairman Ryu of Korea and Chairman Song of Japan giving messages of encouragement

Rev. Kyeong Seuk Ryu, the president of FFWPU-Korea, and Dr. Yong Cheon Song, the chairman of FFWPU-Japan, gave words of encouragement at the 2015 World Assembly of Youth and University Students Closing Ceremony to the 3500 youth, CARP members, and seonghwa students. Leaders representing the future of the Unification Movement gathered for this event. This was held in the Main Hall of Cheongpyeong Heaven and Earth Training Center on 7.16 by the heavenly calendar (August 30), commemorating the Third Universal Seonghwa Memorial

## Rev. Ryu, “Let us Ruminare over the meaning of ‘Substantive Owners of the Future’”

Beloved youth and students of the Unification Movement! I am happy to see you. Why did you gather here today? I believe you came here to evaluate and learn from your life up to now and make a fruitful new start.

The first words that True Mother said in today’s closing ceremony were, “We need to become the substantial owners of the future.” The owner of what? Of who? Why do you think True Parents gave you these words as their first words?

I believe she gave you these words to give you the confidence that if the 3500 youth soldiers that are gathered here today can make a resolution to become

the owners of Cheon Il Guk and become one, the future world can be yours. I hope that this assembly becomes a precious time in which you can look for your identity, based on these words from True Parents.

There is also something else that True Parents always say to the youth of the Unification Movement. That is “God’s hope.” Whom do you think God’s hopes and wishes are upon? They are upon the youth, university students and seonghwa students that will be the ones responsible for the future generation.

But, there is one condition here. The condition to the words True Parents gave us is that there must be a clear life goal that is heading towards the future world. To become the owners of the future generation, your life goal must be definite. Also, God and True Parents must be in the center of this kind of life. If you live centered on God, following a clear life goal, then 10, 20, 30, no, 50 years from now, when you are to wrap up your life on earth, you will be able to do it bearing fruit.

If I may say one more thing in conclusion, the hopes and wishes of the youth must come from the heart. The truth that is kept deep in your heart is connected to God. The young passion that comes from the heart can make our lives more precious and magnificent.

If you head for the future with true hopes and wishes, putting in passion, just like the words True Parents gave us today, you can become an embodiment of love that resembles True Parents, who are the way, the truth and the life. I hope

all of you can become an embodiment that resembles True Parents and develop your life with a strong faith and trust.

## Dr. Yong Cheon Song, “True Parents love and wishes towards youth and students”

This is a moving and historical moment in which brothers and sisters from all over the world have become one, attending True Parents. You have received the astonishing grace and blessing of being able to inherit the greatness and achievements of True Parents. Although we have different skin color, different nationalities, cultures, and speak different languages, we are gathered here together as one family under Heavenly Parent and True Parents.

There are many events, like the Sunhak Peace Prize Ceremony, being held commemorating the Third Universal Seonghwa Memorial. I believe that out of those events, this is exactly the one that Heavenly Parents see with most joy and importance. True Father said that Heavenly Parent likes the word “youth” the most. Our youth is the time in our lives when we are closest to the original nature of creation, and during this time of youth we are filled with the heart of living for the sake of other and for the sake of the whole, rather than myself.

True Parents offered all possible devotion when they met with the youth, and they would give their words throughout the night. Even though the providence was very busy, they treated the youth precious. They yearned for the youth to grow well and become the leaders of the future. For this purpose, True Father established Seonghwa Students Association for the Research of the Principle, CARP, Youth Federation, etc. This is the same with True Mother. She has done many things in these past 3 years, but the most important was her investment in the youth of our movement.

True Parents received their call from Heaven at an age younger than you and walked the path of the providence of restoration. They had a bigger dream and lived more passionately than anyone else, and they did not avoid any challenges. They did not avoid any difficulties; they faced them, overcame them, and got victory. Today, True Mother is living a life just like True Father’s.

I confirmed once again how immense your possibilities can be when I looked at the booths at the back of the Main Hall which display the activities of the youth and students from each country. You are the pride and hope of the Unification Movement, being able to transcend nationality, language and culture in such a short time during this assembly.

You, who have met True Parents, will surely become great leaders that will lead your country and the world. You are the leading force that can recreate this nation and world, embracing Heaven’s vision. I hope you can become the ones who live victorious lives, eternally walking the path of the providence with True Mother to open the Cheon Il Guk era which Heaven desires. 🙏
